BOMB-THROWER AN ANARCHIST

NEW YORK, N. Y., April 1.—Efforts of the police to connect Selig Silverstein, the Union square bomb thrower, with the groups of anarchists, have been successful, but thus far they have been unable to prove that his sensational action of Sunday was prompted in any way by these associates. These developments which occurred today, after the arrest of Alexander Berkman, the anarchist leader and companion of Emma Goldman, who served twelve years in prison for shooting Henry Frick, the Pittsburgh capitalist. The detectives showed, when Berkman was arraigned in court, that Silverstein held a membership in the Anarchists' Federation union, of which Berkman is an officer, but their attempt to show that Berkman knew Silverstein or that he and his friends in any direct way incited the bomb throwing, was for the time futile.

The resolutions committee tonight completed its platform which, after a vigorous endorsement of Vice President Fairbanks as Indiana's choice for the presidential nomination, instructed the national delegates to vote and work for his nomination in Chicago. It also includes a plank written by Fairbanks, which insists upon a revision of the tariff. Fairbanks has written a letter to Chairman Overstreet to be read to the convention, outlining his tariff views.

RENO, Nev., April 1.—Determined that the Catholic church in this city, which is being built at a cost of \$110,000, shall be constructed by none but union men, Father Thomas M. Tubman today refused to allow non-union workers in the partially-completed edifice. The priest has tried without success to settle the dispute that resulted in Reno being made an "open shop" town. ish or Forty-five Round
Contest, Either in Nevada
or California.

(By Associated Press.)
LONDON, April 1.—Tommy Burns, champion heavyweight of the world, appeared in a new role tonight. He was a guest at a dinner in the Sphinx club and was down for a speech on "Publicity in Sport," which turned mainly to the ethics of Oxford's recent secret trial row. Neill, Burns' manager, will sail for New York on Saturday. He will try to arrange a match with Jack Johnson, the colored heavyweight. Burns states he will demand \$30,000 as his share of the prize money, no matter what the result of the fight would be and prefers a contest of forty-five rounds or to a finish, which would limit the fight to California or Nevada. Arrangements are about completed for another fight in England in which Gunner Moir will probably be pitted against Burns for a percentage of the gate receipts. The fight, if arranged, will take place on one of the big football grounds. The price of admission will be one shilling upwards, which means at least 50,000 persons would probably attend.

HAYTI IS IN A BAD WAY

(By Associated Press.)
PORT AU PRINCE, April 1.—A spirit of uncertainty and of unrest still prevails here. The recent abortive attempt at a second uprising in which General Larraque, chief of cavalry, and several other army officers are alleged to have been implicated, has given the government cause for searching all quarters of the city in the hope of finding others it suspects of being involved in the plot. The French minister to Hayti, Mr. Carteron, has recently shown considerable alarm concerning the action the Haytian government may take against refugees now in the French legation. Some refugees themselves say the minister has advised them to procure pistols and as much ammunition as possible that they may be prepared to defend their lives, in the event of an attack upon the legation by government troops. There are rumors that summary executions continue in near-by country districts. For a long time past the government has had a large number of so-called political prisoners in hand, and it reported that almost nightly some of these are taken from prisons and transported to the country districts and shot. This the government vehemently denies.

PRINTS ATTACK ON FAIRBANKS

WASHINGTON, D. C., April 1.—The discovery by Senator Lodge today that a report on the seal fisheries, printed as a senate document, casts serious reflections on Vice President Fairbanks, almost caused a panic in that grave and serious body. Lodge immediately called for an executive session, and the report was recalled, but a number of copies had already been distributed.

The document was printed on motion of Senator Foraker, who, like Fairbanks, is a presidential candidate. It was a report by Henry W. Elliott of Lakewood, Ohio, and purported to be a history of the efforts by this country to protect the seal herds on Pribilof island. Elliott has for many years been very persistent in trying to get congress to act in his comments on those who have not agreed with him. He abused the late James G. Blaine and John Hay, and in the report issued as a senate document he said that Fairbanks, when a member of the foreign relations committee, made statements "which were untrue in every respect, a square and wholesale fabrication on his part, to defeat the pending bill."

WILL NOT LET WILLIE SLIDE
DOWN THEIR CELLAR
DOOR

(By Associated Press.)
ST. LOUIS, April 1.—Friends of W. J. Bryan today made an earnest but an unsuccessful effort to influence in his favor action of the Populist national convention which meets here tomorrow. The majority of the members of the People's party and various reform organizations which will participate in the convention, rebuffed the Bryan people at every turn. They also refused to classify Bryan as anything but a Democrat who has no right to participate in the councils of the Populist or receive consideration at his hands. Everywhere repulsed, the Bryanites will carry their fight into the convention as a last resort. There seems no doubt but that Thomas Watson of Georgia, will be nominated president.

SANTA ANA, Cal., April 1.—The Commercial bank of this city has secured, by default, judgment against Evangelist Bulgin, J. E. Nelson, C. C. Osborne, Charles R. Campbell and John R. Gardiner. A portion of the amount has been paid, but there is a balance of \$3366.65, including interest and \$150 attorney fees.

Smith accused Pinchot of having entered into a secret understanding with the city of Los Angeles with the view to securing to that city valuable water rights in the Owens River valley, as against the interests of private parties having prior claims. Mondell denounced him for having, as he charged, illegally paid the expenses of forest officials in attending conventions in the west in which the government had no part, and also of having spent government money to boost his bureau in the newspapers. Pinchot was defended by Pollard of Nebraska and Scott of Kansas.
